LEAGUE DECLARES ITALY BROKE COVENANT

EIGHT KILLED AND FIFTY INJURED IN FACTORY EXPLOSION

Terrific Blast Smashes Six-Story Building in Chicago to Bits—Number of Dead May Reach Twenty Before Search of Wreckage Completed—Many Passersby Injured

CHICAGO, Oct. 7 (AP).—A terrific explosion, which, witnesses said, hoisted a six-story paint factory as a giant fire cracker raises a tin can, killed at least eight workers, injured fifty others, and sent a shower of debris over a block square area today.

Fire officials directing the raking of the debris by crews of pick-up trucks and others equipped with lifting jacks and acetylene torches to cut the rough twisted steel girders—expressed the fear the total fatalities might reach a score. They estimated it would take a week to complete a search of the wreckage.

HEARD FOR MILES
The blast, which was heard for miles on the northwest side, occurred shortly before the noon hour, in the Glidden Soya Products Company. An accumulation of dust or gas was believed by fire fighters to have caused the disaster.

Many of the injured were passersby struck by flying bits of wreckage. Officials estimated the loss at \$500,000, fully covered by insurance. Several workers were blown through windows of the Glidden Company's main office and panes in buildings as far as a mile away were broken. Freight cars standing near the Glidden building collapsed like cardboard boxes, and the tons of steel, concrete and other wreckage from the blast buried a number of automobiles parked near the building.

YOUNG FLYER IS OVERDUE

Frank Kurtz, Holder of Victoria-Mexico Record, Missing on Flight

MEXICO CITY, Oct. 7 (AP).—Long overdue on the last leg of a flight from Los Angeles, Frank Kurtz, twenty-one-year-old Stanford University pilot, was believed by aviation experts tonight to have met with an accident or to have been forced down somewhere between Guadalajara and this city.

Kurtz, who was trying to make the 2,000-mile trip in less than twenty hours, left Guadalajara at 4:45 p.m. today.

He should have reached this capital in less than four hours, but at midnight no word had been received concerning his whereabouts.

REPORTS WEATHER GOOD
The regular air liner from Los Angeles, which left Guadalajara fifteen minutes after Kurtz, arrived here on schedule, and the pilot reported the weather good.

Pilots expressed belief Kurtz was overtaken by darkness and landed for the night. There are no beacons or other signal lights and only two emergency landing fields between the two cities.

Kurtz recently flew from Victoria to Agua Caliente, Mexico, to set an unofficial junior record for the three-day flight.

MEN SEARCH FOR MISSING WOMAN

Mrs. Kathleen Dale Lost in Woods Near Queneil While Hunting For Old Mine

QUENEIL, Oct. 7 (AP).—Twenty-five men, led by Provincial Constable Gerald Bradley, were combing the heavily-timbered district between Kersley and the Queneil River today in search of Mrs. Kathleen Dale, sixty, wife of the late William Dale, missing since Saturday evening.

Mrs. Dale had been camped on the old French Road about three miles in from the highway, at Kersley, searching for a lost mine in that vicinity. She became separated from the car driven by her son, Alex, who was to bring her to the Dale ranch at Dog Prairie.

Blood Test for Suspected Drunks

CHICAGO, Oct. 7 (AP).—Among the secrets that blood will tell is the exact degree of intoxication, Chicago physicians agreed today on commenting on a police proposal to test the cupuluses of suspected drunks.

Premier R. B. Bennett Finds Endorsement of Policies On His Tour

QUEBEC, Oct. 7 (AP).—After considering the question from every angle and talking to people in every province, Prime Minister Bennett declared here tonight he was satisfied the scheme of increasing employment by voluntary retirement of workers at a certain age should be adopted. Broadcasting over a national network, Mr. Bennett told of his trans-Canada political tour and the conditions he had found.

A POOR CHANCE
Referring to posters set up by the Liberal party declaring that "Only King Can Win," the Prime Minister declared: "Mr. King has about as much chance of obtaining a majority in this election as he has of controlling the Congress of the United States."

The Prime Minister, wondering if Mr. King had forgotten that there had not been a majority of declared Liberals elected since the year 1908. Throughout Canada he had found, the Prime Minister said, a demand for social justice and equality of opportunity. Those were Conservative policies of the past and policies to which the party was pledged for the future.

Detroit Club Captures World Championship First Time in Five Attempts—Goslin's Ninth-Inning Single Produces Winning Run With Two Out—Tommy Bridges Brilliant

DETROIT, Oct. 7 (AP).—Leon Vallen Goslin, an amiable New Jersey farmer known far and wide as "the Goose," struck the \$50,000 blow today that carried Detroit's Tigers to their first world championship in a slugging, rip-roaring finish to the baseball wars of 1935.

With the score tied, two out and second baseman Mickey Cochrane on second base in the last half of the ninth inning, the Goose produced the golden base hit, a line single over the head of Billy Herman, star second baseman of Chicago Cubs, that brought Cochrane home with the deciding run.

Doctor Held After Drug Squad Raid

SEATTLE, Oct. 7 (AP).—Dr. Thomas P. Raitigan, Jr., and fifteen other persons were held at the city jail today for Federal authorities following a raid by Federal and city narcotic agents on the doctor's office last night.

Formally charged with violation of the Harrison Narcotics Act, Dr. Raitigan later pleaded innocent before United States Commissioner A. C. Bowman. His hearing was set for November 5 and bail at \$2,500.

TWO POLICEMEN DEAD; TWO ARE WOUNDED AND GUNMAN KILLED

Farms Flooded and Homes Destroyed By Barbados Rain

BRIDGETOWN, Barbados, Oct. 7 (AP).—More than one hundred persons were left destitute today by heavy rain that sent swollen streams pouring over many parts of this island. Inundated farms, chiefly in the Delamere district, sent their occupants hurrying into nearby towns for food and shelter.

Three Doukhobors Leave Officers Dead After Escape in Saskatchewan, Saturday—Are Blamed for Shootings Near Banff Last Night—Posse Seeks Two

BANFF, Alta., Oct. 8 (AP).—Cornered in the timberlands near this Rocky Mountain Summer resort, Joseph Posnikoff, a twenty-one-year-old Doukhobor bandit, was killed by Royal Canadian Mounted Police last night. A bullet through the heart ended his short-lived career of banditry.

The young gunman's death followed a series of shootings near Canmore, Alta., fifteen miles east of here, as police sought to arrest three men. The men, hunted in connection with the death of two police officers in Saskatchewan, earlier in the evening had shot and wounded two Alberta Royal Canadian Mounted Police officers.

The bandit's body was brought to Banff early today. His identity was established by letters found in his coat pockets.

BATTLES FOR LIFE
In hospital here were Sgt. T. Wallace, of Lethbridge, and Constable C. C. Harrison, both battling for life. Little hope was held for their recovery.

Workers on Liner Under Rock Barrage

VANCOUVER, Oct. 7 (AP).—Police were called today to quell a disturbance on the waterfront when men alleged to have composed a long-shore strike picket attacked men going to work aboard the Canadian-Australasian liner Monowai.

Windows and tops of automobiles bearing the workers were wrecked by a barrage of rocks.

When police arrived the disturbance had ceased.

PLANE STRIKES KNOLL
Roaring out of the West, the silver-hued transport of United Air Lines struck a knoll on the rolling plains with terrific force, tore out its two engines and smashed on another hill in the Crow Creek Valley fifteen miles west of here.

Nine passengers, including three women, were killed with the crew of three headed by H. A. "No Collision" Collision, crack pilot of seven.

PREPARE FOR NEW ADVANCE

Italians Having Captured Adduwa Plan Big Drive On Assum

(Copyright, 1935, by Hays News Agency)

WITH THE ITALIAN ARMY, ADDUWA, Oct. 7 (CP-Havas).—Firmly entrenched in this "city of vengeance," the Italian army, on the northern front tonight turned all its resources toward a concerted drive on Assum, shrine-city of Ethiopia sacred as the burial place of its monarchs and the headquarters of its Coptic Christian church.

Military experts planned that after this objective, only twelve miles west of Adduwa, had been attained, the Fascist troops in this area will halt their offensive for about ten days, building roads and forts and preparing for a big push into the mountain fastnesses to the south, between here and Addis Ababa.

HEAVY CASUALTIES
Latest reports showed that 600 Italians were killed or wounded during the capture of Adduwa Sunday. There were at least 2,000 Ethiopian casualties, and a number of prisoners from Ras Seyum's army were taken, officers here said.

Fighting continued tonight at nearby Adipada and Meqal between black-shirted troops and minor units of the Ethiopian army, which had lagged behind in the retreat.

Holiday gaiety was still apparent here tonight. The black-shirted troops, most of them in their late uniforms, were seen in the streets.

ARREST SEVEN FOR EXTORTION

Investigators Foil Plot—Threats Made Against Mae West

LOS ANGELES, Oct. 7 (AP).—Fooling an asserted plot to extort \$10,000 from Mae West, film actress, under threats of disfigurement with acid, district attorney's investigators tonight arrested seven men.

Headed by Blayne Matthews, chief investigator, the authorities rounded up the suspects a few minutes after one of the men assertedly attempted to pick up a packet of money placed in a vacant lot on Sunset Boulevard.

Matthews said Miss West had received a series of threatening letters and that the writer said he would disfigure her with acid.

THREATENED TO KILL
In a later letter, Matthews said, the extortionist threatened to kill Miss West if she did not comply with his demands to produce the money.

After the actress turned the letters over to the district attorney, investigators were stationed near the vacant lot designated by the writer for leaving the money. They maintained a day and night vigil. Tonight a man appeared and searched for the packet. Just as he found it he was arrested.

Questioned for more than an hour, the man gave authorities the names of six other men who were rounded up.

Council Unanimously Fixes War Guilt on Mussolini's Government—Full Assembly at Geneva To Vote on Methods of Discipline—London Is Pressing for Speedy Action

France Will Aid Britain in Return for Similar Pledge

By GEORGE HAMBLETON
Canadian Press Staff Writer.

GENEVA, Oct. 7.—By their votes tonight thirteen members of the League of Nations Council bound themselves to apply sanctions against Italy. They condemned her from her own war communiques as a breaker of the League covenant.

The countries voting were: Australia, the United Kingdom, Chile, Denmark, Ecuador, France, Poland, Portugal, Rumania, Spain, Turkey, Russia and the Argentine. These thirteen constituted a unanimous vote of the Council except Italy, whose negative vote as a party to the dispute did not count.

Theoretically they are free to apply any sanctions against Italy without violating the covenant. But before any sanctions are imposed it is proposed to submit the issue to the League Assembly, where the delegates of all nations represented will be invited to declare their position.

DETERMINE SANCTIONS
The plan is then to appoint a co-ordinating committee of both the Assembly and the Council which will determine both the nature of the sanctions to be applied—providing the Assembly adopts the Council's reports—and the date on which they would become applicable.

British statesmen are pressing for effective measures with a view to bringing the war to a close. But it is realized that action, to be effective, must be taken in common with other nations.

The Council's decision came after a long, exhausting day of private and secret committee sessions. Yet it ended in action which wrote history quicker than it ever was written in Geneva before.

TWO REPORTS CONSIDERED
Two reports were before the Council. First was that of the committee of thirteen which, after giving the history of the dispute, recommended that any violation of the covenant should immediately be brought to an end.

The covenant, as interpreted by resolutions of the Assembly in 1921, provides that it is the duty of each member of the League to decide for itself whether a breach of the covenant has been committed. That is where the second of today's reports enters the scene.

This report, by a committee of six nations, finds that Italy resorted to war in disregard of the covenant under Article 12. The committee of six was composed of: The United Kingdom, Chile, Denmark, France, Portugal and Rumania.

Therefore, by adopting both reports unanimously, members of the council found that by both a breach of the covenant and resorting to war, Italy made herself liable to sanctions provided under Article 16 of the covenant.

DESIRES ACTION
LONDON, Oct. 7 (AP).—Great Britain stands prepared to work at Geneva for the quickest penalties possible against Italy under Article 16 of the League of Nations covenant, authoritative sources said tonight.

Britain hopes the other members of the League are prepared to act likewise, these sources said.

No official here was willing to predict just what form Geneva will eventually give to Article 16. The covenant prescribes the breaking of the covenant.

Complete Line-Up of Election Candidates In British Columbia

Total of Sixty-Six Contestants Seeking Seats in Dominion House as Representatives of Province—Thirteen Old Members Nominated

VANCOUVER, Oct. 7 (AP).—Thirty-six candidates were nominated in eight British Columbia ridings today for the federal elections and brought the total of contestants to sixty-six for next Monday's balloting. Thirty-one were nominated in the eight other ridings last Monday, but the number was reduced by one with the withdrawal of Alex. McNeil as Liberal candidate in Comox-Alberni.

With the election line-up complete, candidates by parties are as follows:

CANDIDATES BY PARTIES
Conservatives, 15; Liberals, 15; Co-operative Commonwealth Federation, 15; Reconstruction, 15; Social Credit, 2; Independents, 2; Labor, 1; Socialist, 1; Communist, 1.

Conservatives have not nominated in Kootenay East and Liberal remained out of Comox-Alberni.

The Reconstruction Party nominated in today's eight seats, but stayed out of Kootenay West, Yale and Ekeena last Monday.

Social Credit put forward another candidate today, W. A. Tuttle, newspaperman, in Vancouver Burrard. E. W. Bjodin runs under the same banner in Kootenay East. A.

Indians Again Stand Trial for Murder of Police at Canford

Story of Fight Recounted Before Chief Justice Morrison in Vancouver Court—Four Brothers Facing Charge Carrying Death Penalty

VANCOUVER, Oct. 7.—The oft-told tale of the desperate fight at Canford Indian Reserve in which two police constables were slain on May 23, 1934, was recounted again in Assize Court today before Chief Justice Morrison.

Four Indian brothers, Richardson, Eneas, Alex and Joseph George are charged with the murder of British Columbia Constable Percy Carr and Dominion Indian Department Constable F. A. Gishbourne, Richardson, Eneas and Alex have already been sentenced to hang for the murder of Carr. Joseph George is charged with the murder of Gishbourne.

The trial opened today with the reading of the indictment. The charges are: "You are the people of Canada. If you want something done, go ahead and do it. As long as you are encumbered with fear, you will never get anywhere. Why should you be bound by instructions and desires of your forefathers? Laws are supposed to be the expression of your desires."

In these stirring terms, J. S. Taylor, C.C.F. Federal candidate for the Nanaimo riding, addressed an attentive audience in Burnside Hall last evening. Charles Hunt presided.

STARTED TO FIGHT

Then they started to fight. Carr ran over to them. Brown said he ran away, but heard Richardson say: "Club him on the head."

Later, Richardson came to drive Gishbourne's car under the threat that if he did not he would "lick him too."

Overruling defence objections, Chief Justice Morrison admitted evidence of a conversation at Merritt prior to the fight between Gishbourne, Carr and Indian Agent Alfred Barber.

Attorney-General Gordon Sloan said the purpose of introducing the evidence was to show that the officers had reasonable and probable grounds for arresting Eneas without a warrant.

At the meeting Carr told Gishbourne that he had brought Mary Ann, wife of Eneas, from Canford Reserve to Merritt that afternoon, and that she had been badly stabbed. Carr wanted Gishbourne to go with him to the reserve for Eneas.

ARRIVED AT MIDNIGHT

Cross-examined by Stuart Henderson, defence counsel, Barber said he had suggested that the apprehension of Eneas could wait until the following morning. The officers started out and he never saw them again. They arrived at the reserve about midnight.

The police car stopped in front of Chief Billy Antoine's house. Brown testified Gishbourne asked for Eneas, went into Johnny Martin's House, and coming out, met the four accused on the road.

When the fight started, Carr went to Gishbourne's assistance. The trial is continuing.

SEATTLE GIRL FOULY SLAIN

Seven-Year-Old Child Found Murdered Several Hours After Disappearing

SEATTLE, Oct. 7.—Ten detectives and a deputy prosecutor tonight made a painstaking search of all buildings and grounds in the block on First Hill, where seven-year-old Sally Jean Kelley was found slain and criminally assaulted last night.

The little girl's body was found several hours after she had disappeared while visiting her grandmother, Mrs. Edith S. Coolidge, at an apartment house.

The body was found in an unused garage behind the apartment house.

An autopsy revealed that the child had been assaulted, and revealed that she had been undressed, bathed and re-dressed, after the assault. In the stomach, Dr. Gale E. Winn, county autopsy surgeon, and Coroner Otto H. Mitchell reported, they found candy. Officers believe the child was lured with candy into an apartment, assaulted and then taken, perhaps unconscious from strangulation and a blow, and hanged in the garage. There was a bruise on her head, the examiners reported.

Sally Jean was the daughter of Mrs. Albert H. Kelley, and her divorced husband, Samuel T. Wingard, Spokane sports goods shop proprietor.

WAKE UP YOUR LIVER BILE—

Without Calumel—And You'll Jump Out of Bed in the Morning!

The liver should pour out two pounds of bile into your bowels daily. If this bile does not flow freely, your food does not digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel weak and the world looks pink.

Last year we only made 100,000 bottles of Pacific Milk. A mere small movement doesn't get at the cause. It takes three good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmony, gentleness, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Unobtainable anywhere else. See the bottle.

PACIFIC MILK

The extra richness and finer flavor of the milk of British Columbia gives Pacific Milk an excellence all its own. The steadily growing patronage is an index of the appreciation in which the milk is held.

URGES PEOPLE TO GET ACTION

J. S. Taylor, C.C.F. Candidate, Addresses Electors At Burnside Hall

"You are the people of Canada. If you want something done, go ahead and do it. As long as you are encumbered with fear, you will never get anywhere. Why should you be bound by instructions and desires of your forefathers? Laws are supposed to be the expression of your desires."

In these stirring terms, J. S. Taylor, C.C.F. Federal candidate for the Nanaimo riding, addressed an attentive audience in Burnside Hall last evening. Charles Hunt presided.

THE B.N.A. Act did not determine the constitution of Canada for all time. Neither this act nor any other measure will stand in the way of bringing in a new social order to replace capitalism," he charged.

Mr. Taylor asserted that under capitalism the world would never be able to employ all those now out of work, nor would the present system ever bring back prosperity. He predicted the time would come when the world would be governed by the people, and that the Government could borrow no more money. Then, he felt, the people would be ground down under a system of Fascism.

CLAIMS EXPLOITATION

"Under the present economic system, we are permitting individuals to exploit us and steal our natural resources. It is time for us to assert ourselves," he challenged.

Speaking of trade agreements, Mr. Taylor claimed that no other country in the world was in absolute need of Canada's products, except gold. He likened his efforts to get-of-mustion slaves and a bustling modern woman.

"Tricks of the old-line politicians have placed a mortgage of \$800 upon the head of every man, woman and child in British Columbia," he said, urging those present to "vote C.C.F. for the emancipation of Canada."

"We do not believe such figures as R. B. Bennett, Mackenzie King and Premier T. D. Pattullo are responsible for conditions today," said James Cox, the only other speaker. "They are merely figments of a disintegrating economic system."

PLAYS FREE TRADE

"Free trade has no application to present-day conditions," he continued. "Rip Van Winkle eventually awoke, but the liberals sleep on with no more idea of what the country needs than the man in the moon."

"He believed that finding new world markets would not help Canada. The nation was prospering compared with other nations, and her people were on the brink of starvation."

"Apathy and indifference of the working people are being broken down, and they are beginning to realize that capitalism cannot be remade or reformed. You have the choice of socialism with its lasting prosperity, or capitalism with economic disaster," Mr. Cox concluded.

Two songs were sung by James McGee, accompanied by Mrs. Stewart.

SCHOOL MARKS ANNIVERSARY

Institution Observes Founders' Day—Addressed by Headmaster

Founders' Day was observed at the University School yesterday in the presence of the assembled staff and boys, when G. H. Scarrett, the headmaster, outlined the history of the school since 1906.

Mr. Scarrett told of the early years of Rev. W. W. Bolton as headmaster of St. Paul's School in Esquimalt, of the partnership of Mr. Bolton and J. C. Macrae in 1905, of Mr. Harvey's coming with his school, Queen's, from Vancouver, and of the long search for suitable quarters, which culminated in the purchase of the present site at Mount Tolmie.

STORY OF PROGRESS

Through the history of the school ran a story of progress and achievement brought about by unselfishness, sacrifice and loyalty, all of which had built up the tradition that has made the institution so noteworthy.

"To the students had been handed the heritage of the past, and to them were entrusted the hopes for the future," Mr. Scarrett said. He urged the boys to go govern their lives that they might feel proud to know that they had helped to hand on something that was precious, something sacred, and something that was better because of their contribution to it.

OLD BOYS' ASSOCIATION

P. N. Cabell, president of the Old Boys' Association, spoke briefly of the 1,700 former students who looked to the present boys to carry on the traditions and the faith that he had learned at University School. "Graduation" was expressed over the increased enrollment, and a year of outstanding accomplishment was looked forward to by the members of the staff.

Canadian Presbyterians do not approve of the Moderators and ex-Moderators of the General Assemblies being dignified with the title of Right Reverend and Very Reverend, respectively. An overture to this effect was tabled at the last meeting of the Assembly, this body preferring to adhere to its resolution of 1923 abolishing any title but that of all other ministers.

perils, they will be transferred to a hospital in Calgary. An ambulance was en route from Calgary, a distance of ninety miles, early today.

The bandit was shot by a posse organized later. He fell without returning the fire and was killed instantly.

ESCAPE IN BUSH

All roads were closed and trains searched in the hunt to apprehend the other two gunmen who made a getaway into the dense bush between Canmore and Banff. A report the men had boarded a passenger train at Exshaw, twenty-five miles from Calgary, proved wrong when the train was searched on its arrival at Calgary.

Constable G. E. Coombe, who brought the two injured officers to Canmore, as he was returning to Banff, recognized a man walking along the highway as one of the bandits and shot him. The body lay there until a coroner arrived.

CAR IS IDENTIFIED

Police took the bandit car between Canmore and Banff and announced its licence number was Manitoba-29812—the same as the one being used by Joseph Posselt, Peter Wolken and John Kalmakoff, wanted in connection with the slaying of R.C.M.P. Constable M. Shaw, of Dauphin, Man., and William Wainwright, Benito, Man., constable near Arran, Saturday.

"Posselt" of "clients" with "rifles" guarded the roads outside Banff and R.C.M.P. in automobiles covered other highways, while other officers scoured the bush for the two men who escaped.

First contact with the bandits came late today when they asked officials of the Banff National Park at the east gate for admittance. They refused to register and were not allowed to enter. They returned toward Calgary.

REPORTS BEING HELD UP

A short time later a Mr. Scott, of Calgary, reported to Post office officials he had been robbed by three

W. Neill, representative since 1921 of Comox-Alberni, and P. McElroy, former police magistrate, in Vancouver South, are Independent. Malcolm MacKinnon in Comox-Alberni, is the only Labor nominee.

J. D. Taylor is a Socialist in Vancouver Centre, and Malcolm Bruce, a Communist in Vancouver East. Mayor G. G. McGeer, of Vancouver, in Burrard, and A. M. Manson, K.C., in Vancouver South, have resigned from the British Columbia Legislature to seek Federal honors.

FIVE IN CONTEST

Hon. Ian Mackenzie, former member of the last Mackenzie King Government, has a five-cornered contest in Vancouver Centre.

Thirteen members of the last Parliament are in the contest. They are: H. J. Barker, Conservative, Fraser Valley; C. H. Dickie, Conservative, Nanaimo; Tom Reid, Liberal, New Westminster; Hon. Ian Mackenzie, Liberal, Vancouver Centre; and Hon. H. H. Stevens, Reconstruction Party leader, Kootenay East; J. A. Fraser, Conservative, Cariboo; A. W. Neill, Independent, Comox-Alberni; Hon. R. R. Bruce, Reconstruction Party leader, Kootenay West; Olof Hanson, Liberal, Skeena; A. E. Munn, Liberal, Vancouver North, and Hon. Grose Burns, Minister of National Defence, Yale.

THE ONLY WOMAN

Mrs. Edward Mahon, Reconstruction Party candidate in Vancouver Centre, is the only woman running in British Columbia.

Election lists were filed yesterday with the biggest field of candidates ever to seek places in the House of Commons. Close to nine hundred will have their names printed on the ballots.

Nominations closed yesterday with more than 800 candidates in the running for 245 seats. The greatest previous number to seek election was in 1921, when the field totaled 644.

YOUNG ARTIST SHOWS TALENT

Ian Galliford, Youthful Organist, Heard in Recital At St. John's

—Photograph by Hester Wilkinson. IAN GALLIFORD

Another young Victoria musician who seems to be well on the way toward distinction among the ranks of organists was heard last evening when Ian Galliford, a youth of seventeen, who just last month passed all the theoretical tests for A.T.C.M., gave a recital of organ music at St. John's Church, assisted by several members of the choir.

His already brilliant execution on this very complicated "King of Instruments" which he has chosen as the medium of expression, shows an advanced musicianship in the matter of technique alone; and an orderly and artistic approach to the subject matter was shown in his clear-cut phrasing, his sense of rhythm, his well-developed analytical capacity, and the bold and confident manner in which he delivered the numbers calling for the use of the full organ.

OPENING GROUP

For his opening group he chose German music, beginning with the

brisk Bach "Toccata and Fugue in D Minor," which moved with good rhythmic tempo and had very clean and tidy fingering. In the same group was the "Vivace" from the Bach trio, "Sonata No. 2." Played for the first time in Victoria, this showed sensitive balance of tone and commendable quickness in registration, being altogether a most pleasing reading.

Karg-Elert's "Harmonies of Evening," modern German, using the echo organ conspicuously, found the young organist still quite at home on his instrument, but for brilliant technique the "Widder Canasta" (from the Fifth Symphony) was still more interesting, as, founded on an old plain-song theme, this composition has been developed with an elaborate ornamentation that calls for most dexterous keyboard work. His other number on the programme was Wheelton's "Cantilene," in the English group, a delightfully tuneful thing in which most pleasing tonal contrasts were given.

The remaining numbers on the programme were by the assisting singers, all very happily complimentary to the young organist. Hazel Sheratt, who has a phenomenally high voice of pure soprano quality and with superb breath control, sang for her first number, "In the German group, Handel's 'O Loving Saviour,' and in the final French group, Verne's "Berceuse" and Gounod's "Jerusalem," in which she soared with the greatest facility to the top B flat.

Florence Noel, whose soprano voice has a deeper mezzo quality, gave much pleasure with her singing of Gault's "Eye Hath Not Seen"; and Arthur Jackman's fine resonant baritone-bass was exactly suited to the robust declamatoriness of Handel's "Arm, Arm Ye Brave."

MRS. H. A. COLLISON DIES AT QUAMICHAN

DUNCAN, Oct. 7.—The death occurred Saturday evening at St. Peter's Rectory, Quamichan, of Emily Janet, wife of Rev. Archdeacon H. A. Collison, Mrs. Collison, who prior to her marriage was Miss Janet Hickey, of Parkville, has a host of friends on the Island to whom her sudden death will be a great shock. Although she had been in poor health for some months, her condition had not generally been considered serious. She leaves, besides her husband, two sons and one daughter at home. Interment

will be at French Creek on Tuesday afternoon at 4 o'clock.

"But that is water you are giving me." "Sorry, the boy forgot to put in the milk."—Moussique, Charleroi.

Nations Are Bound To Apply Sanctions Against Aggressor

Continued from Page 1

Trade and financial relations and possible prohibition of intercourse between Italy and all other nations of the League.

To all practical purposes, it was said in informed quarters, financial relations with Italy are already severed. Breaking off of trade relations, without some step to enforce this action, might not affect Italy materially for months—if ever.

This new expression of British determination coincided with authoritative statements that the United Kingdom will not recognize or consent to any peace overtures in the Italo-Ethiopian crisis unless they come within the League framework, and further, not unless they have the full consent of Ethiopia.

WILL PAY PRICE

ROME, Oct. 7 (AP)—Italy is willing to pay the price of her African war in economic sanctions, well informed sources declared tonight.

Nor will the grave step of the League of Nations council today, branding her a war-monger, cause Italy to bolt the League, these sources said.

Benito Mussolini, a government

nation's last Wednesday when he told a mobilized nation that economic sanctions would be met with discipline. Military measures, he warned, would bring military measures and acts of war would be answered with acts of war.

The government spokesman declined an official expression on the council's action, pending receipt of the official text of the decision.

The country, officials said, is willing to suffer economic sanctions, if necessary, for the sake of victory in Ethiopia and "eventual justification before the world" of Italian policy.

ASSURES BRITAIN

PARIS, Oct. 7 (AP)—France sent assurances to Great Britain today that she would give her armed aid on land, at sea and in the air in case Britain is attacked while preparing to enforce League of Nations sanctions, provided the British would come to the aid of France in a similar emergency.

A French note to London fixing the conditions for aiding the British fleet if it is attacked in the Mediterranean during the Italo-

Ethiopian conflict was officially described as bargaining for aid in similar circumstances involving Germany.

The note, a reply to the British request for military co-operation, named these conditions:

1. Great Britain and France will consult each other before taking action.
2. Whatever measures were taken after consultation will not be considered provocation for attack by a third power.
3. If either France or Great Britain is attacked for measures taken after such consultation and its resultant agreement, the other will aid the one attacked.

MADE SKETCHES OVER IN CHINA

Artist Will Exhibit Variety of Studies in New York Shortly

Thomas Handforth, artist, who six years ago spent some considerable time studying and sketching on the British Columbia Coast, principally in connection with the lumber industry, obtaining at the time some excellent material which he later transferred to more ambitious canvases, arrived here yesterday on the inbound liner Empress of Asia, after spending the past four years in various parts of the Orient, sketching and painting.

Mr. Handforth stated he had made his headquarters at Peking, spending the greater part of his time in the strangest places he could discover in an altogether strange land. He said he had been with Gareth Jones, the British journalist who was reported to have been murdered by bandits in Mongolia, and although not with him at the time he was captured, he hinted that there might be stranger things in connection with the doing away of Mr. Jones than was given out by the authorities.

Mr. Handforth is on his way to New York, where he will put on show his large collection of Chinese studies.

Victoria's Historic Spots

The above view shows two of the three remaining buildings of the Puget Sound Agricultural Company, beside Craigflower Bridge. The company was formed by Dr. John McLoughlin and James Douglas in 1851 to provide means of subsistence for settlers upon their arrival at Fort Victoria. Four farms embracing about 2,500 acres were cultivated, and the two buildings shown were part of the Craigflower Farm. The company paid its last dividend in 1854 and was dissolved in 1867.

MEETINGS FOR WEEK ARRANGED

Schedule of Gatherings in Nanaimo Riding Announced by Parties

Four candidates will contest the Nanaimo Federal riding, according to nominations now filed. C. H. Dickie is the Conservative candidate. Alan Chambers is campaigning as a Liberal; J. S. Taylor for the C.C.F., and Aubrey M. Clark for the Reconstruction Party, in opposition to Mr. Dickie, who has represented the area in the House of Commons for an extended period.

Mr. Dickie has a schedule of six meetings and will be assisted by W. A. McKenzie, former Minister of Mines and Labor. Brigadier-General J. A. Clark and F. S. Cunliffe. Meetings have been arranged as follows: Tonight, Cowichan Station; Wednesday, Sha'nigan Lake; Thursday, Mount View High School; Friday, Nanaimo, and Saturday, Cobble Hill and Duncan.

MANY GATHERINGS

Mr. Chambers has five meetings planned in the same period: Tonight, at Colwood; Wednesday, Nanaimo City; Thursday, Ladysmith; Friday, Duncan, and Saturday, Marigold Hall, Saanich.

Mr. Taylor has listed three meetings, as follows: Tonight, Gordon Head Hall; Wednesday, Community Hall, Metcalf; and Friday, Legion Hall, Saanich.

Mr. Clark, here yesterday to plan for Lower Island meetings, said his schedule was not complete, but that he would speak at Ladysmith tonight, and would be assisted by supporting speakers at other rallies in the balance of the week. His main meetings, he said, would come towards the end of the week.

BOY IS RESCUED FROM DROWNING

George Robertson to Be Recommended for Award for Saving Life of Douglas Gillan

George Robertson, twelve-year-old son of Mr. and Mrs. Bert Robertson, 101 Ontario Street, is to be recommended for a life-saving award of the Royal Humane Society for his prompt action in saving the life of Douglas Gillan, aged seven, son of Mr. and Mrs. Arthur Gillan, 403 Kingsland Street, Saturday afternoon.

The incident occurred at the foot of St. Lawrence Street, where Douglas was fishing from a landing. The boy lost his footing and slipped into twelve feet of water. George Robertson ran onto the float and succeeded in getting hold of the Gillan boy's hair and hauled him to safety.

In order to reach the boy in the water, George had to go down a ladder. The boy had disappeared twice below the surface and was in a semi-conscious condition when taken from the water, but soon recovered.

Recommendation for a life-saving award will be forwarded to officials of the Royal Humane Society, it was stated.

MILK BOARD TAKES STAND

Lower Mainland Body Appoints Itself Custodian of Fluid Milk Receipts

Price-fixing, pooling and levying, the most contentious powers contained under combined Federal and provincial marketing statutes, were applied to the Greater Vancouver milkshed this week by the Lower Mainland Dairy Products Board, with results that cannot yet be foreseen.

As predicted, the board sent out notices on October 1, requiring all purchasers of fluid milk to make settlement directly with the board by October 30, in respect to the first fifteen days of the month, and by November 5 in the case of dairy products purchased between October 16 and October 31.

PRICES SET

The notices contained warning that these purchases were made at prices less than those fixed by the board, the difference would have to be paid over. From total receipts thus received, the board is to make equalization payments to the owners of the products, the producers.

Thus price-setting, through determination of spreads, pooling and levying, the central-features of the former Dairy Products Sales Adjustment Act of 1931 have returned to the Vancouver milkshed, this time with the dual authority of Federal and provincial marketing acts.

The notices sent out at the beginning of this month were mailed in the name of combined boards with the same personnel, which is as follows: Hugh Davidson, chairman; W. J. Park and W. T. McArthur. From the provincial statute, price setting is drawn, and from the Federal statute, authority to create pools and impose levies.

Returned to the city after a hopeless effort to bring three separate milk organizations into common agreement on a central selling agency, distinct from the board, Hon. K. C. MacDonald, B.C. Minister of Agriculture, made it clear the Lower Mainland body was acting on its own authority. He declined to comment on central collections for dairy product sales, except to intimate that he regretted that the Province's proposal had not been accepted.

Meanwhile the Province was trying to gauge what may be the reaction of producers, shippers, distributors and consumers in the Lower Mainland area, where close to \$6,000,000 worth of dairy products are consumed annually.

TAX PAYMENTS NEAR ESTIMATE

General Levy Returns in Esquimalt Total \$65,882, Council Is Advised

But \$995 remains to be collected in current general taxes in Esquimalt to reach the year's estimate of \$68,777, the municipal council was informed last night when a report covering tax returns to September 30 was submitted by G. H. Pullen, municipal clerk.

With three months still remaining, officials were confident the municipality's treasury would show returns totaling more than the estimate at the end of the year.

The current levy was \$89,888, but the council estimated that \$66,577 would be paid in over the treasury counter. A last-minute rush to keep taxes to date by ratepayers, however, boosted the returns considerably during the past few weeks. It was stated. For the nine-month period \$65,822 was received.

For the same period \$7,385 in arrears of taxes and \$8,571 in delinquent taxes were received by the municipality, estimates of \$7,429 and \$9,200, respectively. But \$43.98 was required to bring the arrears ledger up to the estimate and \$928 for the delinquent taxes.

Sewer rental returns were short \$66 of the estimated collection of \$6,233. Slightly more than \$6,167 had been paid, it was reported. The levy for sewers was \$8,933.

T. T. BAYLEY IS TAKEN BY DEATH

Thomas Taylor-Bayley, aged eighty-one years, 1621 Esplanade Street, died Saturday in St. Joseph's Hospital. He was a Victoria resident for over fifty years.

Mr. Bayley was born in England. For many years he was clerk in the city waterworks department, but retired on superannuation some years ago.

Mr. Bayley was prominent among Victoria old-timers. He is survived by a daughter, Mrs. F. A. Wiley, and two granddaughters.

Funeral services will be conducted at Haywards B.C. Funeral Parlors today, at 2:30 p.m. Rev. T. R. Lancaster will officiate. Interment will be made in the family plot in Ross Bay Cemetery.

LAUDS BENNETT ON HIS RECORD

Conservative Candidate Declares Government Worked For Country

"In this campaign we have made a clear statement of our position. We are not defending, we are attacking and we are presenting facts to bring before you what R. B. Bennett and his Government have done for this country. While the Government has been working, the Liberals have been going up and down the country trying to mislead you," declared D. B. Plunkett, Conservative candidate for Victoria, speaking at a meeting in Sir James Douglas School auditorium last night. J. W. Jones presided.

Mr. Plunkett maintained the Conservative party and the Conservative Government had nothing to be ashamed of. "Throughout the whole of this campaign, have you once found anyone who could put a finger on any action wherein the Government had betrayed you?" asked the candidate. "The Conservative Government has been one of faith and not one of betrayal. I would rather be deceased working under Mr. Bennett than under any other man in the British Empire. I would rather be a soldier under Mr. Bennett than a major-general under Mackenzie King," he declared.

CENTRAL BANK
The speaker took issue with Hon. Ian Mackenzie in connection with statements concerning the Central Bank, and asked why anyone should dare to indict the Central Bank. It was created for a specific purpose and it is fulfilling that purpose of making Canada free of New York interests in financial matters and dealings with the United Kingdom or any other country.

He also referred to the Canadian National Railways and charged that, under the Liberal regime, it had become "a political pork-barrel rolling from coast to coast." He mentioned lavish entertainments aboard vessels put on the Pacific Coast run. He mentioned the building of hotels for which there was no need and the "spendthrift" policy of the Liberal government in the administration of the railway affairs.

It was well known, Mr. Plunkett stated, that the Liberal party hoped to get into power on the depression. There had been a lot of talk about depression but, said the speaker, "has Mackenzie King told you what he was going to do about it?"

The speaker mentioned the willingness of the Bennett Government to assist the provinces in respect of politics, and in the best interests of the country as a whole.

Supporting Mr. Plunkett on the same platform were W. C. Moresby,

K.C. and Lindley Grease, K.C. Mr. Moresby dealt with what he termed the essential vital points of the campaign. Responsibility of office, he maintained, was one of those points. "I challenge the Liberals to point out one act in the House of Commons that was brought about through caucus and not by influence from the outside. On the other hand, Mr. Bennett has fully recognized the responsibility of office and has always acted with that in mind," said Mr. Moresby.

With respect to Chinese immigration, Mr. Moresby said it was in 1909 that an order-in-council was passed by the then Liberal administration allowing Chinese to enter Canada providing they attended a Canadian school for the period of two years. That applied to Chinese children, Mr. Moresby claimed, after that order-in-council, Chinese children swarmed into British Columbia, completed their training in the schools and were then free to remain.

It was, he said, the action of Conservative members from the Pacific Coast that resulted in repeal of the order as ultra vires the Dominion, and the deportation of Chinese so admitted. Mr. Grease stated that a good deal depended upon the votes cast next Monday and advised voters to beware of "unsound election cries." It would not be right for people to vote because they wanted a change, merely for change sake, or to vote because of some minor sentiment. It was the duty of the electors, he said, to decide which is the best party to bring lasting benefit to the people of the Dominion.

BENNETT'S QUALITIES
Mr. Bennett, he stated, had strength of character, great resource and great courage and was devoted to the highest ideals not alone for Canada but for the whole of the British Empire. He denied that Mr. Bennett had become a dictator. He said it was not timely for Mr. King to speak of dictatorship in Government when the Provincial Government, a Liberal administration, had on its statute an act known as the "S.P.A." He reviewed the various trade agreements and the beneficial results that had accrued to Canada from agreements made with the other Dominions of the British Empire.

MAYOR M'GEER IS CRITICIZED

Mrs. R. P. Steeves, M.P.P., Says Vancouver Chief Executive Is Mudslinger

"Mayor G. G. McGeer is just a pimple on the face of capitalism. Perhaps a boil, but he is going to boil over and put his fire out," declared Mrs. R. P. Steeves, M.P.P., of North Vancouver, in addressing a C.C.F. meeting in the Chamber of Commerce auditorium last night. The Vancouver mayor, she charged, was "a political mudslinger—a product of the present economic system."

Rev. Robert Connell, M.P.P., Provincial C.C.F. leader, speaking from the same platform, took exception to a speech made by Mayor McGeer in Vancouver last week, in which he was alleged to have said Communists and the C.C.F. never hear of God or religion without sneering, and the C.C.F. never sing "God Save the King."

The speaker explained he had just returned from East Kootenay, where many C.C.F. meetings had been held and at which "God Save the King" had been sung. At Cranbrook, he had been asked to fill the pulpit of the United Church there. Mr. Connell declared he thought the Co-operative Commonwealth had a "good fighting chance" in East Kootenay.

FOR THE PEOPLE
Professor J. King Gordon, Federal C.C.F. candidate for Victoria, told the gathering that the C.C.F. was the only party that stood for the people against the small group in control of the machinery necessary to manufacture the necessities of life.

Professor Gordon stated there was a danger of many being carried away by side election issues, at the last minute. The Co-operative Commonwealth was the one party which essentially represented the people against big business in the country, he declared. It was not the Government, but the whole basis of the economic system under capitalism, that was at fault.

The C.C.F. also stood for the speaker said, for an intelligently planned economic system as against an un-planned system. All around, Professor Gordon claimed, could be seen the results of unplanned economy. It was the plan of the party, in gaining power, to create a system under which "all lived in security and were given something to live for."

PROMISE FREEDOM
Freedom was also promised by the party. "There is a need to take back full control of the necessities of life in Canada," the speaker contended.

Mrs. Steeves caught the fancy of the audience with many stories that illustrated her major points. "We in the C.C.F. come to you suggesting that you take hold of your own Canadian business and run it for your own benefit and not for a small privileged class, as you have in the past," she urged.

"Depression is not caused by bad government, but by yourselves, who put in Governments pledged to support a bad economic system," Mrs. Steeves maintained. She condemned the profit system, but allowed it did have its place in economic life in the past; but that was over now. She went on to tell of what she termed contradictory policies of the Liberal party.

APPEALS TO WOMEN

Social Credit in Alberta will not succeed, Mrs. Steeves contended, on the ground that the system left the means of production in the hands of private individuals. Turning to the women, she appealed to them to take an active part in bringing about a system of planned economy in the Dominion. She maintained that a planned economic system existed in every household.

BOWKER CREEK PLAN APPROVED

Inter-Municipal Committee In Agreement on Work— Formal Support Sought

The inter-municipal committee, formed to decide upon what should be done to Bowker Creek to improve the drainage through three municipal areas, met yesterday morning and approved a grading plan submitted by city, Oak Bay and Saanich engineers.

The plan shows a uniform grade from the source of Bowker Creek to its outlet. After approving the plan, the committee referred it to each municipal council for formal approval.

Cost of doing the work and how it will be shared will be discussed later. It was learned at the City Hall, yesterday, that to grade that portion which runs through the city would cost between \$7,000 and \$8,000.

THIEVES STEAL THREE CAMERAS

Enter Premises of J. Sommers & Sons and Escape With \$176 in Photographic Equipment

Cameras and equipment valued at approximately \$176 were stolen from the premises of J. Sommers & Sons, Limited, 1012 Government Street, over the week-end, by thieves who gained entry through a rear door. They covered a glass panel in the door, then noiselessly broke it, according to Detectives Benjamin Aceman and William Stark, who investigated.

The thieves first climbed onto the roof of the Bank of Commerce, ad-

Bread Prices Will Not Rise in City Say Master Bakers

BREAD prices in the city will not rise for some time, if at all, stated J. R. Small, secretary of the Victoria Bakery Association, last night. Although some uneasiness was felt by local bakers over the recent jump of \$1.10 a barrel on the price of flour, the secretary said it would make no immediate difference, as the association has reserves of flour and held contracts specifying a set rate for purchase which held good for some time to come. It was possible, Mr. Small pointed out, that before long the price of flour would drop down again.

Adjacent to J. Sommers & Sons, Limited, and lowered themselves to the back door of the camera store by means of a rope.

FINISH PROJECT UNDER ESTIMATE

Skinner's Flats Sewer Undertaking In Esquimalt Cost \$5,027, Council Told

Municipal Engineer H. F. Bourne last night reported to the Esquimalt Council that the Skinner's Flats sewer project had been completed \$404 under the estimate of nearly \$5,500. The total cost of the work was \$5,027.

Of this amount, reported the engineer, \$2,017 was spent on wages for the twenty-five men employed and \$2,985 for materials. Some \$16 was required for machinery rental. The report was favorably received by the council and praise for a good job was extended to the engineer.

Payment of accounts totaling \$13,897 was authorized. Fire Prevention Week, which opened yesterday and continues until Saturday, will be observed in Esquimalt, the council decided. Chief of Police H. W. V. Pecknold was authorized to carry out any educational program he saw fit.

An offer of \$15 for waste dirt dug from municipal ditches, submitted by Brown's Victoria Nurseries, was accepted.

What Life Insurance Means To the Women and Children Of Canada

TO thousands of Canadian families, Life Insurance means Financial Security against the uncertainties of the future.

To each family deprived of its breadwinner, Life Insurance means Food, Clothing, Shelter and other necessities of life.

It means ready Cash to meet pressing obligations during the difficult re-adjustment period.

It means money to pay the rent or meet mortgage payments.

It means funds for the education of children until they are old enough to support themselves.

It means rearing your family in self-respect, freed from the humiliation of private charity or public relief.

It means contented retirement for the business woman when she is no longer able to work.

Every day, Life Insurance disburses \$500,000 to Canadian homes. Every day, it helps to keep homes together and families united.

No wonder that Canadian women appreciate the value of Life Insurance, and are grateful to their loved ones whose far-sighted thrift has made possible such vital financial security for themselves and their children.

G. G. McGEER HAS STORMY RALLY HERE

Mayor Talks Down Hecklers In Two-and-a-Half Hour Address

ROYAL VICTORIA IS SCENE OF DISCORDS

Speaking for two and a half hours at a stormy meeting at the Royal Victoria Theatre last evening, Mayor G. G. McGeer, K.C., exhausted a determined body of hecklers, breathed a fiery denunciation of Communism, scored Socialist aims of the C.C.F., and closed with an appeal to the voters to vote liberal in support of national control of public credit in Canada.

Mrs. Nellie McClung spoke briefly and wittily on the same programme, with C. H. O'Halloran in the chair.

A capacity audience gathered early for one of the stormiest meetings in the history of the city. The Mayor, who had been heckled by a determined body of hecklers, breathed a fiery denunciation of Communism, scored Socialist aims of the C.C.F., and closed with an appeal to the voters to vote liberal in support of national control of public credit in Canada.

The C.C.F. he charged, was preaching socialism but thinly disguised from Communism, and was pledged to the uprooting of capitalism once the armed forces of the country were in its power. Drawing the parallel further, Mr. McGeer said the Communists stood for confiscation of private property without compensation, and the C.C.F. for the same end, only through the medium of bond financing.

When Mr. Barup went to Uganda, via Mossa, only 100 miles of the railway into Uganda had been completed, he said. Most of his transportation was on foot for a distance of 700 miles. The trip took three months.

The speaker traced the history of Uganda as disclosed to the world by Henry M. Stanley, New York Herald correspondent. At that time Uganda offered a challenge to the Christian world to invade the stronghold of Mohammedanism. Stunned by Stanley's challenge, the world raised funds with which to send missionaries out to Central Africa.

Situated on a plateau 4000 feet above sea level, Uganda had an equable climate, Mr. Barup said. It was formerly ruled by a despotic king who kept the country free of slavery and the incursions of the slave raiders. Acts of base cruelty, however, were common, Mr. Barup said. These conditions have been changed and Uganda is now a free and happy land.

Council Meeting—Owing to next Monday being election day, the City Council has postponed its regular bi-monthly meeting to Tuesday at 8 p.m.

School Board—The regular monthly meeting of the city school board will be held tomorrow night at 8 o'clock. A report on the night school enrolment is expected to be ready for that meeting.

Plan for Drive—A meeting of the Y.M.C.A. membership drive, which will start next Tuesday, will be held on Friday evening at the association.

Annual Tag Day—The annual tag day of the Y.M.C.A. will be held on October 26, with H. L. Campbell, chairman of the committee, and the boys' work section, directing the appeal.

Monthly Meeting—The monthly meeting of the Amalgamated Civil Servants of Canada will be held to night at 8 o'clock in the clubrooms at Bastion Street. All delegates are urged to be present.

Kamloops Gets Loan—A relief loan of \$4,600 was made by the Province yesterday to Kamloops, secured by a demand note of the municipality, at 4-1/2 per cent interest.

Mayor Is Back—Mayor David Leeming returned to his office yesterday after an absence of several weeks due to illness. His first official act was to preside as chairman at an inter-municipal meeting called to discuss the Bowker Creek grading question.

Application Heard—The application of Wilhelm R. Bauer, who is a native of Germany, for naturalization as a Canadian was heard by Judge Lampman in the County Court yesterday. Carl Hansen and Mrs. A. Drake sponsored the applicant as being of good character.

Meetings Arranged—The Nanaimo C.C.F. candidate will be speaking at two meetings in the Esquimalt area this week, supported on the platform by James Cox, of Vancouver. J. S. Taylor will address a meeting in the Esquimalt area at the Esquimalt Community Hall at Metchoin tomorrow and the wind-up rally in the Legion Hall at Langford on Friday.

Boy Recovering—With a scalp wound and body bruises, suffered when he ran into the side of an automobile on Quadra Street, Sunday, five-year-old Jack Wanamaker, 2511 D. D. Road, is recovering in St. Joseph's Hospital. Police report the driver of the car was James Cannon, 1907 Duchess Street. The boy was taken to hospital by R. Gibson, 1400 St. Patrick Street.

Premiers to Speak—Premier Pattullo will lead off from his office here at 6:30 p.m. today a national liberal broadcast in which the Premiers across Canada will take part. Arrangements for the broadcast were being made yesterday, through CFCT and other stations.

Applombents Made—Miss Josephine McDiarmid was appointed to the staff of the Provincial Board of Health this week as a "bacteriological technician," according to Provincial orders. Sidney S. Smith, chief clerk in the Forest Branch at Nelson, and Miss Edna Chapman, clerk-stenographer in the same centre, were granted small increases in salary, rating as promotion.

University Extension—"The Italo-Ethiopian Situation" will be discussed by Professor F. H. Evans at next Thursday evening at 8:15 o'clock at the Girls' Central School. This lecture is under the auspices of the University Extension Association. The public is invited to attend. All subsequent University Extension lectures will be given on Mondays instead of Thursdays. The schedule of lectures will appear in the press very shortly.

November Convention—The annual convention of the Canadian Institute of Mining and Metallurgy will be held at Vancouver, commencing on November 12. A three-day programme has been arranged, with headquarters at the Hotel Vancouver. Leading representatives of the industry throughout Canada are expected to be on hand for the meetings, convened by Captain J. G. Ross, president of the institute.

Appointment Made—For the first time in several years, Esquimalt Council last night resorted to secret ballot to settle an issue. On motion of Councillor Albert Head, the council agreed that secret ballot should be used to select an applicant for the post of janitor at the Municipal Hall, Robert W. Dent, 1423 Craddock Street, who has been serving as janitor, pro tem, was selected. No salary was fixed. There were six applications.

Insurance Reported—The twenty-fourth annual report of H. G. Garrett, British Columbia superintendent of insurance, is now available at the Legislative Buildings in printed form. Figures from the report were previously published, and concerned insurance carried and written in 1934. The report emphasizes again the fact that life insurance was the back-log of individual investment and savings, with \$408,560,156 as the amount of life insurance in force within the province last year. Life companies had \$72,000,000 invested within British Columbia during the year.

Decisions Varied—Provincial orders yesterday varied the findings in two courts, by refunding to Hugh McKnight, of Goldstream, \$250 of a fine of \$500 imposed on him under the Game Act, and by remitting three months of a six months' sentence imposed on George Lewis, alias George L. Miller, of Vancouver, for infraction of the Government Liquor Act. Two persons of unbounded mind were

Discusses Ball Plans

At a well-attended meeting of the Junior W.A. of the Jubilee Hospital yesterday afternoon at the Nurses' Home, Mrs. John A. Stewart, the president, in the chair, further details for the hospital ball on November 13 were discussed. Mrs. R. H. B. Ker and Mrs. K. F. R. Denniston, the conveners, gave reports of the plans already made. Tickets are now on sale and are, in great demand, which promises success for this year's ball.

Mrs. John Phethean, president of the senior auxiliary, also spoke of the work being done by that organization in connection with the ball, which is to be held under the joint auspices of the senior and junior auxiliaries. Mrs. P. McLoughlin and a special committee will assist during the registration at the hospital's convention. Mrs. J. Sutherland Brown will have charge of the bridge reservations.

The following conveners of special committees were appointed during the meeting: Diet, Mrs. R. A. Woolton; cloths, Miss Frances Price; magazines, Miss Betty Bechtel; bandages, Mrs. Norman Cook; sewing, Miss Claire Laybourn; vocational, Mrs. C. L. Aylard, and press, Miss Mary-Lou Ross.

Bridge Tea To Be Held Thursday

The bridge tea to be held in Spencer's dining-room on Thursday afternoon by the Florence Nightingale Chapter, I.O.D.E., was discussed at the monthly meeting, held yesterday afternoon, and final plans made. Tea guests will be welcomed at 4 o'clock in the afternoon. Mrs. Kylie Symons, the regent, presided during the business. Sixty I.O.D.E. calendars were ordered for distribution. Mrs. Baker turned in a satisfactory report on the hope chest, which was on display at the exhibition.

During the meeting Dr. Kincaid was introduced and gave an interesting talk on the work of the pavilion in the Jubilee Hospital. In this connection, the committee is desirous of obtaining radio earphones for the use of the patients. Dr. Kincaid explained that individual radio reception was much preferred at the pavilion. People having any earphones which they would like to donate are asked to get in touch with Mrs. Symons by telephoning G 8550.

The treasurer read a satisfactory report of the financial standing and the educational secretary announced that high school books had been purchased for a T.B. patient's son, Mrs. W. R. Roskelley and Mrs. E. Hart were introduced as new members and welcomed into the chapter. Mrs. Dolph was proposed for membership. A sewing meeting will be held at the home of Mrs. H. Catterall, 1016 Linden Avenue, on Thursday, October 17.

Committee Is Grateful to Kind Friends

At the meeting of the ladies' committee of the British Columbia Protestant Orphans' Home held yesterday, the committee again expressed its gratitude to the many friends who, by their wonderful contributions, not only brought in, but sent to the home, made the recent party such an outstanding success.

Those attending the meeting were Mesdames Dillabough, Calvert, Walker, Coutts, Elliott, Grimson, Dorman, Cox, Sherwood, Heddie, O. M. Brown, Butler, E. M. Brown, Simpson, and Misses Newbury and Murray. Mrs. F. V. Longstaff presided.

The visiting ladies reported the children in good health and spirits and the home always in excellent condition, reflecting the "home" atmosphere created by the staff. Ten of the girls were invited to attend a supper and meeting of the Children's Special Service Mission rally, and twenty-five were invited to a supper and meeting of the Scripture Union rally.

DONATIONS RECEIVED
The following donations were gratefully received in September: Mrs. Cassidy, two gallons ice cream; three boxes apples, wieners and buns; Mrs. G. H. The monthly meeting of the Chummy Club was held at the home of Mrs. Hetherington, Burdett Avenue, recently. An enjoyable programme of music was arranged by Miss Snider, who gave an interesting talk. Songs and duets were sung by Mesdames Adams, Wilderstein, Williams, Kemley, Phillips and Miss Piercy. The accompanists were Mesdames Baker and Muncy. Miss Creaser, local supervisor of the V.O.N., was given a box of baby garments for the V.O.N. work. Refreshments were served by the social committee. The next meeting will be held at the home of Miss M. McGibbon, Moss Street, on November 14.

L.O.R.A. Lodge
Briantia Lodge No. 216 held its social meeting recently, at which the worthy mistress, Mrs. Miller, presided, assisted by the worthy deputy, Mrs. Burke. The meat pie supper was a great success. There will be a silver tea on Thursday at 2 p.m. at the home of the worthy mistress, Mrs. Miller, 855 Cormorant Street.

Daughters of St. George
Princess Patricia Lodge No. 238 held its regular business meeting recently. Worthy President Mrs.

carried a large arm bouquet of crimson roses.

Attending, as bridesmaids, were Miss Margaret Winter and Miss Constance Hobbs, who were gowned alike in rosewood pink crepe, made with very full, ruffled skirts and large doiran sleeves, and finished at the throat and waist with cameo buckles. Their shawl hats matched their frocks, and they wore silver sandals, long net mittens and carried bouquets of deep pink snapdragons and tiny primrose yellow dahlias shading to pink at the tips of the petals, tied with green streamers.

The best man was Mr. Victor Rogers, of Island Falls, Sask., and acting as ushers were Mr. Arthur Morton, Mr. John Cunningham, cousin of the bride, Mr. William Osburn and Mr. "Pat" Dunn.

RECEPTION HELD
A largely-attended reception was held after the service at the home of the bride's parents, where a glorious profusion of flowers made a delightful setting. The guests were welcomed on their arrival by the parents of the bride and groom. Mrs. Tait wore an accordion-pleated gown of flowered chiffon with a pointed-shoulder cape, a narrow sash of Royal blue crepe, a picture hat of black velvet and corsage bouquets of white gardenias and the bridegroom's mother was in a most becoming costume of blue chiffon velvet, with a matching hat and a corsage bouquet of pink roses.

During the evening Mrs. Alex Watson sang "Because," accompanied at the piano by Mrs. F. McPherson and by Mr. Watson on the violin.

Supper was served later in the dining-room from a table set before the fireplace, the lighting being from white tapers in handsome brass candelabra set on the mantelpiece.

A lace cloth covered the table, which was centred with the three-tiered wedding cake, surmounted by a silver vase of red roses. The artistic arrangement also included numerous vases containing "charm" dahlias in varied hues and sprays of bright-hued Virginia creeper. Mr. John Spinks, an old family friend, proposed the toast to the bride.

TO LIVE IN OTTAWA
After a honeymoon spent on the Mainland of British Columbia, Mr. and Mrs. McConnell will proceed to Ottawa, where they will make their home, the groom being connected with the Dominion Geological Survey.

The bride went away in a dove grey swag suit with matching shoes and hat, a Russian blouse of green and black crepe, and an attractive felt hat of primrose leaf green.

QUESTS AT WEDDING
Dr. and Mrs. Gordon Shrum, Miss Sheila Boyd, Miss Margaret Wilson and Miss Mary Dickson, of Vancouver; Mr. and Mrs. R. G. Johnston, of Inverness, and Mr. and Mrs. T. M. Dougal, Chemainus, were guests at the wedding. The numerous and beautiful gifts were on display in the library.

Bridge Tea To Be Held Thursday

The bridge tea to be held in Spencer's dining-room on Thursday afternoon by the Florence Nightingale Chapter, I.O.D.E., was discussed at the monthly meeting, held yesterday afternoon, and final plans made. Tea guests will be welcomed at 4 o'clock in the afternoon. Mrs. Kylie Symons, the regent, presided during the business. Sixty I.O.D.E. calendars were ordered for distribution. Mrs. Baker turned in a satisfactory report on the hope chest, which was on display at the exhibition.

During the meeting Dr. Kincaid was introduced and gave an interesting talk on the work of the pavilion in the Jubilee Hospital. In this connection, the committee is desirous of obtaining radio earphones for the use of the patients. Dr. Kincaid explained that individual radio reception was much preferred at the pavilion. People having any earphones which they would like to donate are asked to get in touch with Mrs. Symons by telephoning G 8550.

The treasurer read a satisfactory report of the financial standing and the educational secretary announced that high school books had been purchased for a T.B. patient's son, Mrs. W. R. Roskelley and Mrs. E. Hart were introduced as new members and welcomed into the chapter. Mrs. Dolph was proposed for membership. A sewing meeting will be held at the home of Mrs. H. Committee Is Grateful to Kind Friends

At the meeting of the ladies' committee of the British Columbia Protestant Orphans' Home held yesterday, the committee again expressed its gratitude to the many friends who, by their wonderful contributions, not only brought in, but sent to the home, made the recent party such an outstanding success.

Those attending the meeting were Mesdames Dillabough, Calvert, Walker, Coutts, Elliott, Grimson, Dorman, Cox, Sherwood, Heddie, O. M. Brown, Butler, E. M. Brown, Simpson, and Misses Newbury and Murray. Mrs. F. V. Longstaff presided.

The visiting ladies reported the children in good health and spirits and the home always in excellent condition, reflecting the "home" atmosphere created by the staff. Ten of the girls were invited to attend a supper and meeting of the Children's Special Service Mission rally, and twenty-five were invited to a supper and meeting of the Scripture Union rally.

DETROIT TIGERS CAPTURE WORLD BASEBALL TITLE

Daisy Waugh Scores Two Goals as Island Squad Beats N. Shore

Clever Centre Forward Nets Twice in Nanaimo's 3-0 Victory Over Mainland Soccer Eleven in Inter-City Football League Contest

NANAIMO, Oct. 7. — Manager "Fat" Edmunds piloted his team nicely through the first game of the season here on Sunday, when they won from North Shore United by three goals to nil. It was the first game under playing-manager Edmunds. Harmony amongst the players was evident in the dressing-room before the game started, and a short-passing combination game was evident on the field. It was this short passing which worked the ball up to within shooting distance of the red-shirted goal.

Edmunds was handicapped inasmuch as he had only twelve signed players, and five minutes after the game started Gene Kulak was forced to retire with a twisted knee. McGregor replaced him, and later in the game he too was injured, but managed to stick it out. On the other hand Shore had three reserve players, and used them all in the second half of the game in an attempt to stem the tide. Nanaimo's goals came through Waugh and Spencer, the former getting two and the latter one.

They divided honors in the first half. Waugh scored twenty-five minutes after the start, and Spencer a minute before the rest period. With only three minutes to go to the final whistle, Waugh, playing

Wild Scenes in Dressing-room After Game—Bridges Praised

By CHARLES DUNKLEY
Associated Press Sports Writer

DETROIT, Oct. 7. (AP)—With blood-curdling yells that rocked the rafters, the victorious Tigers charged into their dressing-room after walloping the Cubs 4-3 today to cut loose in a wild, hilarious celebration. They made for Goose Goslin, whose single in the ninth scored Manager Mickey Cochrane with the winning run. They surrounded him, pulled off his shirt and hauled him all over the place. Cochrane, who piloted the Tigers to their

Tillicum Gym Will Be Winter Home of Mount Stephen Club

TILLICUM Athletic Club gymnasium, Broad Street, scene of many outstanding boxing and wrestling matches, will be the winter home of the Mount Stephen Athletic Club. Announcement to this effect was made yesterday evening by Louis Callan, matchmaker and trainer of the popular Mount Stephen Athletic Club. Mixed cards will be presented alternate Friday evenings, with the initial card of the indoor season billed for Friday, October 11. Officials of the Tillicum Athletic Club are co-operating with the Mount Stephen Athletic Club by making it possible for the boys to train at the gymnasium on Monday and Wednesday evenings each week. The first training session is billed for tomorrow evening at 7:30 o'clock. All members of the Mount Stephen Athletic Club and any other boys anxious to take up boxing or wrestling are requested to attend.

GOSLIN'S SMASH IN NINTH INNING SENDS ACROSS WINNING RUN

Veteran Outfielder Comes Through With Sharp Single to Right to Score Manager Cochrane—From Second With Deciding Tally in 4-3 Decision—Bridges Brilliant in Box

Continued from Page 1

In their half of the ninth, the Gooses' wallop touched off one of the wildest home-town demonstrations any world series has witnessed. More than 48,000 roaring fans poured out on the field the moment that Cochrane crossed the plate.

It was the first Tiger triumph in five attempts. Four times since the modern inter-league warfare began officially in 1906 Detroit has had its pennant winner turned back by National League rivals. Twice the Cubs turned the trick in 1907 and 1908. The Pirates followed suit in 1909—last year the city's first championship club in twenty-five years was beaten back on its home grounds by the gas-house gang of St. Louis in a seven-game thriller after returning home with a 3-2 lead.

The battling Bengals lost the opening game of this year's series, but went on to take three straight, drop the fifth game, and then out-finish the Chicagoans in a spitting-slugfest this afternoon.

The final game was filled with tense moments, some of the hardest hitting of the series and marked by a bitter renewal of the warfare between the Cubs and Umpire George Moriarty, of the American League, before Bridges earned the decision over French.

TIGERS GET BREAKS

Both pitchers went the route, but the Tigers got the "breaks" when they could be most useful, and capitalized their chances to squeeze out their third one-run victory in the last four games.

Led by the sensational Billy Herman, who banged out three hits, including a home run in the fifth inning, and drove home all three Chicago runs, the Cubs put up a gallant fight to send the series into a seventh game. Scrampling all the way, swinging from the heels against Bridges' fast ball, the National Leaguers took the score in the third, took the lead in the fifth and yielded only after giving the Tigers a last-inning scare.

A close decision at third base by Umpire Moriarty, in the third, cost the Cubs one run, and another ruling by the same arbiter in the sixth had the Cubs growing in bitter protest against the man who seemed fated to be "on the spot" at any time there was a close play to call with the fortunes of the National Leaguers vitally involved.

SUNDAY'S TUSSELE

On Sunday, Charles "Chuck" Klein, who was benched during the season because he failed to hit regular, proved the hero of the Cubs' 3-1 victory when he crashed a long homer into the right field open pavilion off Lynwood "Schoolboy" Rowe, Tiger pitcher, in the third inning, with Billy Herman, second baseman, on the bases.

SOFTBALLERS ARE BANQUET GUESTS

Members of Esquimalt Meat Market, football squad, "C" Section champions, were Saturday evening the dinner guests of Arthur Young, team sponsor, at an informal banquet held at Speedie's Cafe.

During the evening the Hayward Cup, symbolic of the sectional championship, was presented to John Watt, popular captain of the team, by W. Jones, vice-president of the Lower Island Softball Association. Individual trophies were also presented to the members of the club.

A. W. "Bill" Stewart was also presented with the special cup for having the best batting average among members of the team.

Ernie Stock, president of the Lower Island Softball Association, was also present. In a few well-chosen words, the genial official congratulated the club on winning the title and wished the players continued success in the future.

John Watt extended the thanks of the players to Arthur Young, the sponsor. Sam Henry spoke briefly and congratulated the players on winning the league title, and paid particular attention to the fact that they did not lose a game in their sectional chase for the title.

ORILLIA DEFEATS RICHMOND IN SECOND TUSSLE

Eastern Lacrosse Squad Turns Back Mainlanders Again

Terriers Take Stranglehold on Boxla Supremacy and Mann Cup by 9-6 Victory Over Farmers—Another Win for Invaders and Series Will Be Over—Hall Performs Brilliantly

By EVERETT GRAEME
Canadian Press Staff Writer
ARENA, VANCOUVER, Oct. 7.—Orillia's well-drilled Terriers downed a fighting crew of Richmond Farmers, 9-6, here tonight to take a stranglehold on the Canadian amateur lacrosse championship and the Mann Cup.

It was the second straight win for the white-striped, purple-jerseyed, young boxla band from Ontario. They won the opening on Saturday, 10-8, and now need only a victory on Wednesday night to clinch the best-of-five series for the title.

As in the first game, the Terriers showed too much polish for their British Columbia opponents, and, in addition, Ted Hall, in the Orillia goal, turned in the greatest exhibition of netminding ever seen on a Coast lacrosse floor.

RICHMOND OUTSCORED
Richmond was outscored in all but the last quarter, where, in a final desperate but futile drive for victory, they kept even with the Eastern sharpshooters, each team netting four times.

Hugh Kelly, fleet Orillia winger, opened the scoring less than a minute and a half after the game got under way, for a lead which Terriers never saw threatened.

Another goal ended Orillia's scoring for the quarter, while Richmond counted once.

The second quarter was a repetition of the first and half-time found Terriers leading, 4-2. The visitors only counted once in the third, but Richmond was held scoreless.

FIRST QUARTER
Hugh Kelly opened the scoring for Orillia barely two minutes after the opening whistle, fighting through

for an unassisted goal. Bill Morphy's bouncing shot popped over the Orillia net and Black came on to miss another close one.

Bill Wilkes went through on a lone dash from a scrimmage just outside the crease line. Ernie Curran went off for high checking and he had barely reached the box when Bill Dickinson scored for Richmond.

The Farmers tore in on the Terriers, driving them back into their own territory with furious rushes and peppering Hall who was called on to make brilliant saves.

Terriers broke away on a Richmond rush but over-anxious play, driving them back into their own territory, ended the quarter with a half-minute missed by Kelly.

SECOND QUARTER
Terriers drove down on Hap Smith in Richmond's goal, and Tom Scott, husky defence star, whipped in the third Orillia goal of the game.

Kelly put Terriers three up when he snapped the ball into the Farmers' net from a scrimmage just outside the crease line. Ernie Curran went off for high checking and he had barely reached the box when Bill Dickinson scored for Richmond.

The Farmers tore in on the Terriers, driving them back into their own territory with furious rushes and peppering Hall who was called on to make brilliant saves.

Terriers broke away on a Richmond rush but over-anxious play, driving them back into their own territory, ended the quarter with a half-minute missed by Kelly.

THIRD QUARTER
Both teams opened the third quarter with end to end rushes, on one of which Len Wilkes scored for Orillia. Kelly went off and three times Richmond raced right into the Orillia goalmouth but they were unable to beat Hall.

Play speeded up as Farmers stormed in on Hall, but time after time they failed to make their opportunities good. H. Scouse went off near the end of the period when he caught Bill Wilkes around the neck with a high check.

FOURTH QUARTER
The fourth quarter had hardly got started when Scotty Brington, leading along, tossed a long pass to Bill Morphy, who slapped it into the Orillia goal.

Terriers came back with a goal. Bill Wilkes scored on a pass from Ed Downey. Vinny Hartney shot down the floor, taking Terriers by surprise and whipped in Richmond's fourth goal. Downey broke away, caught the Richmond squad all up the floor and sped in to beat Smith easily. McDonald wormed through the entire Terriers' team for Richmond's fifth counter.

Len Wilkes snapped in a beautiful shot for Orillia in the next few seconds and McLean picked off another on a rebound from Downey's shot.

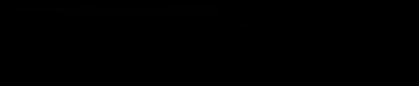

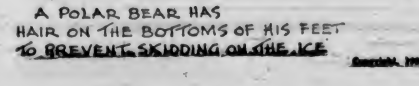

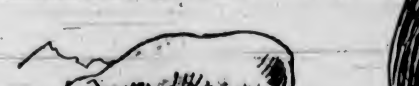

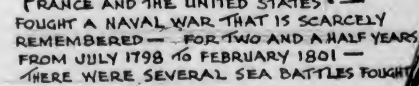

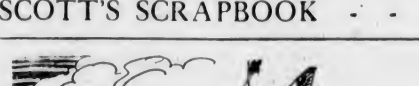

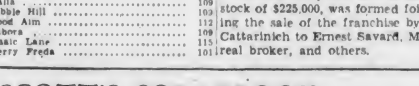

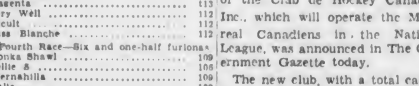

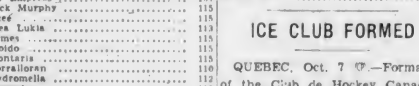

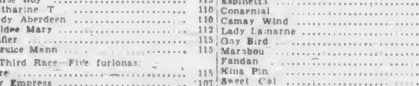

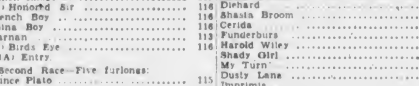

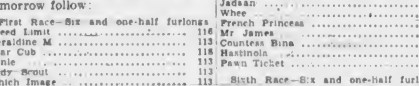

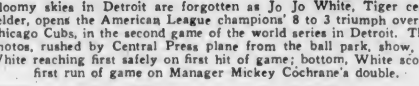

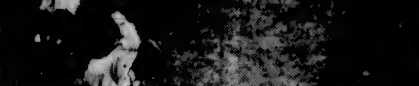

Bill Morphy picked McDonald's pass out of the air in front of the Orillia net to score. Downey raced in on Smith, but the score was disallowed when the Terrier pushed the Richmond goalie into the net. Orillia had possession as the bell rang.

TABLE TENNIS
Forced to battle every inch of the way, Glenaholm's five pink-pong squad squeezed through to a 9-7 victory over the Queerens in the feature game of the Victoria Table Tennis League fixtures played recently.

Vancouver Island Coach Lines handed the Chinese Students a 10-6 setback, while the Royal Arcanum No. 1 team took the Times to the tune of 11-5. In the other first division fixture Victoria Redwings defeated the Melrose squad, 15-1.

In the second division, Civil Service defeated the On-We-Goes, 11-5, and the Y.M.C.A. trounced the Royal Arcanum No. 2 team, 15-1.

Scottish Will Meet
An important meeting and workout of the Canadian Scottish intermediate Rugby team will be held this evening at the 'Armories,' at 8 o'clock. All players are asked to turn out.

All members of the Bays-Wanderers senior Rugby fifteen are asked to attend a workout this evening at Oak Bay Park at 7:30 o'clock.

ICE CLUB FORMED
QUEBEC, Oct. 7.—Formation of the Club de Hockey Canadien, Inc., which will operate the Montreal Canadiens in the National League, was announced in The Government Gazette today.

The new club, with a total capital stock of \$225,000, was formed following the sale of the franchise by Joe Cattarinich to Ernest Savard, Montreal broker, and others.

FIVES QUADS TO GO AFTER SENIOR TITLE

Bays and Wanderers Will Combine in Barnard Cup Rugby Series

Unable to complete their playing roles as individual clubs because of the apparent shortage of players, James Bay Athletic Association and Oak Bay Wanderers, two of the veteran oval ball clubs in this city, will combine their efforts for this season's Barnard Cup play. This announcement was made at yesterday's meeting of the Victoria Rugby Union held in The Colonist board room.

For many seasons the Bays and the Oak Bay Wanderers have battled separately in quest of the coveted trophy but this season the club carrying the best of material available from the two fifteens will play as the Bays-Wanderers.

Opposing team captains will view the joining of the two clubs with considerable interest and their showing in the 1935-36 campaign will be one that will be closely watched.

OTHER FIFTEENS
Four other fifteens, Navy, Fifth Brigade, Garrison and Canadian Scottish will complete the senior 'A' entry in quest of the coveted silverware captured last season by the sailors.

Wanderers' Blues, champions of the Intermediate League last season, will be back after further laurels when the 1935-36 campaign gets under way. Victoria College, Fifth Brigade, Canadian Scottish and Wanderers' Whites, all of whom completed last year, have entered again.

Dropped last season because of a shortage of entries, the senior "B" loop will be revived with two fifteens, Garrison and the Navy, battling for the honors.

Ministerial Association
Formulates Plan for
United Service

Adoption of plans for a united Thanksgiving Day service on Thursday, October 24, and for the annual "Quiet Day" on October 29, and an address by Dr. H. M. Cassidy on health insurance, were the leading features of the monthly meeting of the Ministerial Association held at the N.W.C.A. yesterday morning with Rev. C. G. MacKenzie, the newly-appointed president, in the chair.

The Thanksgiving Day service will be held at Centennial United Church on Thursday, October 24, at 11 o'clock, at which Rev. Dr. A. S. Innie will be the preacher, Rev. T. H. McAllister and Rev. Daniel Walker taking part in the service. The president of the association will conduct the service, and the offering will be devoted to the local branch of the John Howard Society.

AT ROYAL OAK

Local ministers will again be the guests of the royal, "wonderful and wonderful" service at the Royal Oak Church, Royal Oak, for their annual "Quiet Day." This will be held on the morning and afternoon of Tuesday, October 29, beginning at 10 o'clock. Speakers and order of service are being arranged under the general motive of "Enrichment of Life."

In this connection the ministers were invited to a retreat which will be held by the Rev. Richard Roberts, D.D., Moderator of the United Church, on Tuesday, November 5, at 11 o'clock, in Metropolitan Church schoolroom. Rev. James Hood and the president were designated to take part in the beginning of the building operations of an interdenominational mission hall at Lake Hill tomorrow. Rev. W. H. Gibson, who has been superannuated by the United Church of Canada after forty-five years of service as missionary among the Indians of British Columbia, was received as a member of the association. Professor King Gordon was also introduced.

HEALTH INSURANCE

In his address on "Some Phases of Health Insurance," Dr. H. M. Cassidy referred to the present inadequacy of health services in this province, advanced the position that these services should be generally available as educational advantages, and pointed out some of the economic barriers that stand between many citizens and adequate health opportunities. The speaker stated that, as the result of the comments on the bill as drafted, it would be presented to the Legislature in a more popular form.

The association is strongly opposed to any action being taken by the Government as a result of the recent petition on beer and wine sale until the petition is considered by the Legislature. This position will be presented to the members of the Government.

Man Killed By Passing Automobile

CLOVERDALE, Oct. 7.—John Stewart, of Vancouver, was fatally injured on the Pacific Highway near here Saturday night when struck by passing automobile as he was repairing a tire on his own machine at the side of the road. He was first taken to Blaine, Wash., and then to New Westminster, but was pronounced dead upon arrival at the hospital.

The finance committee issued an appeal in the middle of September, stating their funds were exhausted, and asking for \$1,200 to guarantee operation through the winter months. Nearly half that amount has been received, and they are confidently hoping sufficient will be sent in to make up that amount, that they may avoid further appeals during the winter.

LADYSMITH ANGLER LANDS BUTTON FISH

LADYSMITH, Oct. 7.—Alvin Kerr, of this city, has joined the ranks of the Tyee button holders. Fishing at Brentwood in company with George Wilson, of Chemainus, he landed a twenty-six pound Tyee, and a thirty-nine minute salmon, and a fighting fish and a broken reel.

The handle of the reel snapped when the fish made the first plunge, considerably handicapping the fisherman. The tackle used was a Macnamra Ghandi spoon and a lightest line on a ten-foot salmon rod. This capture entitles Alvin Kerr to the bronze button of the Chilnook Club, the first to come to the Mid-Island.

SOCIALIST HAS FAULTS TO FIND

Nanaimo C.C.F. Candidate Speaks
Belittling Those of Different
Political Complexions

LADYSMITH, Oct. 7.—Nearly 300 people gathered here last night to hear J. B. Taylor, C.C.F. candidate for the Nanaimo Federal riding, state without equivocation that he stood for Socialism.

The speaker remarked that he was very little concerned with parties or personalities, but that he was vitally interested in principles. "Mr. Bennett is probably an honest, sincere man," he asserted, "intellectually entitled to be the leader of his party, but his is a one-track mind that cannot leave the groove of capitalist thought."

He was less complimentary to Mr. King, while he dismissed the Reconstructionists as disgruntled Conservatives.

Reiterating from time to time his conviction that the only issue before the country was the choice of socialism or capitalism, the speaker's principal theme was the evolutionary development of class relationships and industrial progress since the conception of the Roman Empire.

"Capitalism has triumphed marvelously in the productive phase of civilization," he said, "but has failed miserably to apply the same science to distribution, because of the all-pervading profit factor that is the basis of modern society." He con-

cluded his address with an appeal that his audience disregard trivialities to mark a vote for socialism on election day.

TWO INJURED WHEN DYNAMITE EXPLODES

KENORA, Ont., Oct. 7.—Eric Collins and Ed Bellefeuille were in critical condition in hospital here last night following the accidental explosion of a dynamite charge at a highway construction camp near here. The two were trapped in the centre of a mass of flying sand and rocks.

What Today Means

"LIBRA"

If October 8 is your birthday, the best hours for you on this date are from 9:45 to 11:45 a.m., from 1:45 to 3:45 p.m. and from 6:45 to 8:45 p.m. The danger periods are from 7:45 to 9:45 a.m., from 11:45 a.m. to 1:45 p.m. and from 4:45 to 6:45 p.m.

Something you said, or did, some days ago is likely to be responsible for making your day brighter. This day should be filled with pleasant surprises, as well as agreeable evidence of the generosity of the affection and esteem some of your friends have for you. Business is likely to be both brisk and profitable. Guard against allowing any feeling of exuberance to cause you to throw discretion to the four

If you go out socially this day, it will be good judgment to practice moderation in both speech and action. There is a possibility of your receiving some money. Remember, "easy come, easy go," so it will be advisable to think twice before you spend it. Married and engaged couples, and those who believe marriage will solve all their difficulties and are anxious to prove it, will have to be careful this day that a spark of temper does not cause an explosion of anger, that may be difficult to get under control.

If a woman and October 8 is your birthday, you probably love companionship, which makes marriage advisable. You are not inclined to find fault with others, so very likely object to being criticized.

You enjoy being on the go, so socially you should be a great favorite in the circle in which you move. You possibly delight a great deal more in receiving rather than in writing letters. You are not penurious, but have an excellent idea of the value of money. Use it advantageously. Unaffected sincerity is a characteristic which will win you many friends, and probably will keep you from making enemies. Teaching, music, singing, writing, as well as specialized lines of clerical work, are among the means of livelihood in which you might do well.

The child born on October 8 may, in its early years of childhood, be very susceptible to criticism. As its spirit can be crushed by unjustified severity, care must be exercised that it is not subjected to it.

Stock and Bond Prices Gain at New York Mart

NEW YORK, Oct. 7 (AP)—Stock prices slanted upward today in restrained trading. The rails and a few specialties got the bulk of attention from buyers.

Cautious advances from brokers to their clients on account of the international political situation, and the fact that the day was a Jewish holiday, combined to hold dealings down to the smallest proportions for a full session since September 3. Turnover was \$46,810 shares.

A rise of 3 of a point was shown by the Associated Press average of sixty stocks at 48.7. The fifteen carrier equities in the compilation advanced 6 of a point at 22.9, while the industrials and utilities shaded upward.

Gainers of major fractions to a point or a little more in the rails included Union Pacific at 95, New York Central at 51-7/8, Santa Fe at 45-3/4, Delaware & Hudson at 32-3/4, Pennsylvania at 26, Illinois Central at 14-5/8, and a number of others.

Up about as much elsewhere in the list were American Telephone at 139-3/4, Chrysler at 73-5/8, and Standard Oil of New Jersey at 41-1/2.

A strong United States Government section drew most attention on the bond market. Treasury 2-3 1/2% the newest issue in the list, broke through to a new high at 100.8, up 4-3/4, and gains elsewhere ranged from 2-3/4 to 30-3/4.

Italian Government 7% closed at 59, off 1-8.

BOMBER-TRANSPORTS

EXHIBITING AMERICAN TENDENCIES THE BRITISH HAVE DEVELOPED A NEW SERIES OF BOMBERS WITH LOW WINGS AND RETRACTABLE LANDING GEARS.

THESE BOMBERS CAN EACH CARRY 24 ARMED MEN OR AN EQUIVALENT LOAD OF BOMBS AT A SPEED OF OVER 200 M.P.H.

A NOVEL FEATURE IS THE REAR GUNNER'S COCKPIT AT THE TAIL END OF THE FUSELAGE, GIVING A PERFECT FIELD OF FIRE AFT.

10-8 1933, McNaught Syndicate, Inc., N. Y.

It took the British several years to appreciate the new American low-winged, retractable landing gear design incorporated in the new series of bombers and transports with which our airlines and military services are now being outfitted. The British are now just beginning production on their first series of monoplane bombers. The United States Army Air Corps is conducting tests on bombers which represent the second phase of this type development.

The British have far-flung possessions, in some instances peopled by wild tribesmen, and they have found that the aviator and his aerial bomb is the best policeman. On some occasions it is necessary to occupy temporarily these wild areas, and since the British army is limited in size, it is necessary to move soldiers rapidly about the area being policed.

Thus, the new series of British bombers are known as bomber-transport. Each must be able to carry twenty-four armed men, or the equivalent load of bombs. They are designed for use in policing territorial possessions rather than for use in a mass continental war. Some fantastic stories have been written about landing an army behind the enemy and attacking him from the rear. When it is realized that ten of these bombers would be required to transport a war strength company, it is obvious that no nation can afford enough bomber-transport to handle even a small force.

UNDER HAND AND SEAL

Change, the American insists, is the order of the day. "Plus ça change, plus ça change," counters the Frenchman; the more things change, the more they are the same.

"Consider," he points out, "your modern system of finger printing, that up-to-date method of preserving a never-varying, deadly accurate signature, about which you never cease marveling and re-marking."

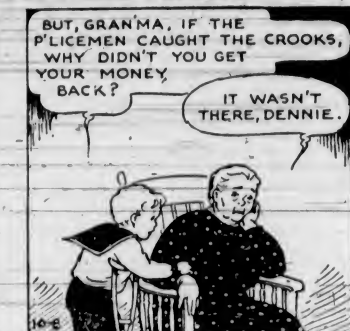

"You ultra-moderns, in this regard as in so many others, believe yourself ever so many worlds advanced over your benighted progenitors who lived, loved and died in yesterday's obscure ages. Yet, are you?"

"Yes, it is true you have your incandescent electric light for which you pay plenty and your other gadgets which cost you all your energies and sometimes life or sanity; but are you truly as clever as you proclaim yourself to be?"

"At least do you know that your phrase, under hand and seal comes down through the centuries from the dark days when the practice was to sign documents by an imprint of the hand, subsequently just the thumb dipped in ink, together with the impression of a seal?"

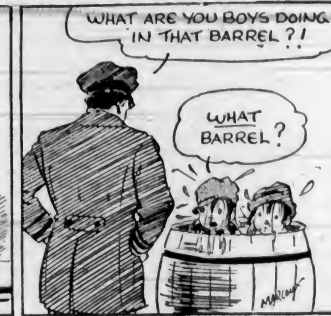

"Yes," concluded the Frenchman, "our forbears didn't brag so much about science and progress, but even if they didn't get all the implications, they knew at least a modern trick or two."
